FYI

Although the exempt's vision coverage is changing July 1st from VSP to EyeMED; union employees will CONTINUE to have an option for either VSP and/or EyeMed.

Employees changing from exempt to union must re-enroll for supplemental life with UBT's vendor, Prudential. Please be sure to provide the form to change as soon as possible to prevent a gap in coverage or a double deduction.

Life insurance portability and conversion options are mailed to member's address on file once UBT receives the termination ARC (action reason code) from the agency; please enter codes as soon as possible for timely mailing of materials.

Life benefits are paid for ALL causes of death listed on the death certificate including homicide and suicide.
